

Natural Gas. *Efficient by Nature.*

# Move Your Property Faster than Beach Traffic Backs Up on a Friday.

## Plan Early. Sell Faster with Natural Gas.

Give your property a competitive advantage with clean, natural gas — the green energy source. Providing what buyers want helps you sell faster and studies show that natural gas properties command a 4 percent premium.\* Plus, you could earn LEED certification credits by installing high efficiency natural gas products. And that translates to a higher ROI.

Find out about new technologies that lower the up front costs of using natural gas in new construction. Start now and sell faster.
